Event: Teacher's Day Celebration

Date: 14th September 2021

Venue: Microsoft Teams

On the occasion of Teacher's Day, EESA Council celebrated Teacher's Day on 14th September. All the department faculties, along with the non-teaching staff, were invited to participate in the celebrations. The session began at 5:15 PM with a welcoming speech given by Sanyukta Gogate (Joint Literary and PR Head).

She requested HOD sir, Dr Jagannath Nirmal, to say a few words on Teacher's Day. He expressed how the teachers and students are adjusting to the new normal and mentioned the difficulties faced due to online teaching. He sincerely thanked all the teachers for their diligence in thinking about the students' careers amidst the pandemic.

Pranay Lendave(Technical Head) conducted the first game of **Solving the Riddle**, where the teachers had to answer some brain-wacky riddles related to electronics.

1) What is the difference between a locomotive engineer and a teacher?

One minds the train, the other trains the mind.

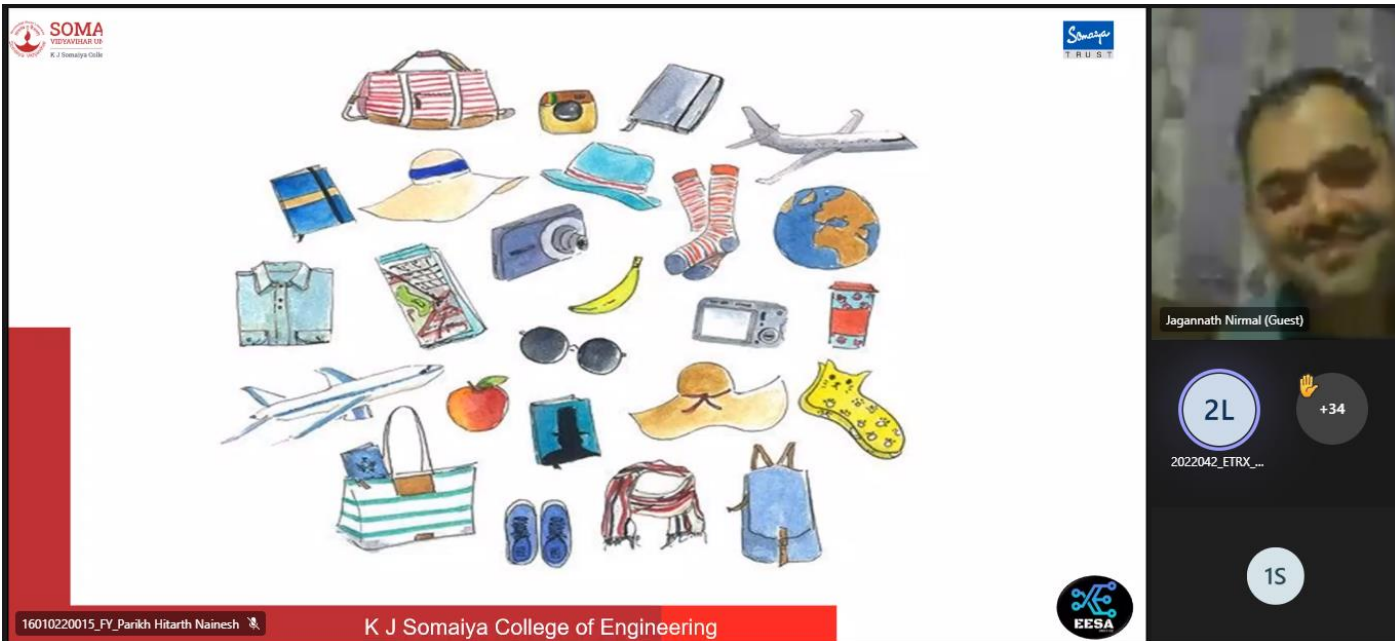

K J Somaiya College of Engineering

It was an easy game as the teachers already knew their way around electronics. Solving the Riddle was followed by a fun and interactive game held by Nihaal Singh Adarsh(Technical Head) called **Recognize the Animals**. Teachers were given a question that describes a certain animal and they had to guess it. This game had maximum participation by teachers and all of them enjoyed it. They also shared their experiences of visiting different places in this segment.

The next games were hosted by Shamita Karkera(Literary and PR Head) called **Remember the Things** and **Guessing the Movie by Emoji**. In the former one, the teachers were given 15 seconds to memorize the objects shown on the screen and tell all of them one by one.

The latter was a fun game where emojis were showed and teachers had to guess the movie name. Everyone was able to guess without any effort.

Some more Bollywood related games were held by Mayuri Gavade (Creative Head). **Sing the next line** was such a game where teachers had to sing the next line of the given lyrics. **Guess the actor with eyes** was tricky game. With only eyes, they had to guess the actors. Another game of **Guess the Actor** was held. However here only voice was played.

The last segment was teachers taking the stage and showing their talents. Midhya Ma'am sung a really beautiful Malayalam song. Arati Ma'am also gracefully sung a Hindi song. Both performances were mesmerising.
